# PORTABLE BUILDINGS

At SCS Australia, we deliver a diverse range of portable building solutions designed to meet evolving space requirements. From our streamlined Aussie Modular designs with predefined layouts, to bespoke custom builds, ready-built studios, commercial applications, and our distinctive Deck Pod range, each solution is crafted to combine flexibility, performance, and modern design.

## Aussie Modular Series

The Aussie Modular Series is SCS Australia's streamlined range of pre-designed portable buildings, featuring set floor plans and carefully selected inclusions. Designed for efficiency and value, these modular solutions offer a fast, cost-effective way to secure high-quality space without the need for full customisation.

## Deck Pods

The SCS Australia Deck Pod Range offers a versatile and stylish way to create functional outdoor spaces. Built using our durable FlexiFrame steel system, these pods are designed for strength, ease of installation, and long-lasting performance in Australian conditions. Available as flat-pack kits for convenient transport and assembly, or fully assembled units ready for immediate use, Deck Pods provide a flexible solution for patios, outdoor offices, and extensions to existing spaces.
