MINI CUBES

Our Mini Cube Containers are the compact solution for customers who need reliable storage and portable space in a smaller footprint.

Key Features:

- Made from Corten (weathering) steel for high corrosion resistance
- Welded steel frame with corrugated steel walls
- Marine-grade plywood or bamboo flooring
- Designed to be wind- and watertight

Available Sizes: 10ft

10ft Product Specifications:

- **External:** 2.74m (L), 2.20m (W), 2.26m (H)
- **Internal:** 11.5m³ capacity

**Please note pricing does not include delivery or installation.*

MINI CUBES

Custom Modifications & Upgrades:

Enhance your Mini Cube with a wide range of optional upgrades to suit your lifestyle or business needs:

- Vinyl Flooring
- Glass Sliding Door
- Full Insulation
- Air Conditioning
- Roller Door
- Lock Box for added security

...and much more

To view our complete range of Shipping Container Modifications, please turn to page 18.

DOUBLE DOOR

The Double Door container is designed for convenient dual access, with secure doors located at both ends. This layout makes loading, unloading, and organising goods much easier, as items can be accessed from either side without the need to unload the entire container. Compact yet durable, the DD container is ideal for sites with limited space that require flexibility and efficiency in storage and transport.

Available Sizes: **20ft and 40ft**

20ft Double Door Container

- **External Dimensions:** 6.06m (L) x 2.44m (W) x 2.60m (H)
- **Door Opening:** Approximately 2.34m (W) x 2.34m (H)
- **Weight:** Apprx 2,220kg

40ft Double Door Container

- **External Dimensions:** 12.2m (L) x 2.44m (W) x 2.60m (H)
- **Door Opening:** Approximately 2.34m (W) x 2.34m (H)
- **Weight:** Apprx 3,890kg

3M EXTRA WIDE

Our 3M wide shipping containers offer extra interior space without compromising strength or durability. Designed for projects that demand more room, these containers are perfect for workshops, storage, portable buildings, or custom modifications.

Built from high-grade steel and engineered for long-lasting performance, they provide a secure, versatile solution for both residential and commercial use. Whether you're looking for additional workspace, smarter storage, or a flexible foundation for a custom build, the 3M wide container delivers strength, space, and adaptability in one.

Dimensions:

- **External Dimensions:** 6.0m (L) x 3.0m (W) x 2.9m (H)
- **Internal Dimensions:** 5.8m (L) x 2.9m (W) x 2.7m (H)
- **Weight:** Apprx 2300 - 2700kg

GENERAL PURPOSE & HI-CUBE CONTAINERS

Our **General Purpose** (GP) and **Hi-Cube** (HC) Containers are the backbone of our container range — strong, versatile, and built to handle tough Australian conditions.

Whether you need secure storage, transport solutions, or a base for custom modifications, these containers deliver reliability at an affordable price.

Available Sizes:

- 20ft & 40ft **General Purpose**
- 20ft & 40ft **Hi-Cube** (extra 300mm height for more space)

Standard Features:

- Heavy-duty steel construction
- Single and double cargo door options available for easy access
- Weather and vermin-proof design
- Secure and stackable for transport and site use
- New & Used options available

GENERAL PURPOSE & HI-CUBE CONTAINERS

Type	L	W	H	Area
20ft GP	6.06m	2.44m	2.59m	~ 33m ³
40ft GP	12.19m	2.44m	2.59m	~ 67m ³
20ft Hi-Cube	6.06m	2.44m	2.89m	~ 37m ³
40ft Hi-Cube	12.19m	2.44m	2.89m	~76m ³

Please Note: Dimensions may vary slightly depending on manufacturer and year of build. Hi-Cube models provide an extra ~300mm internal height compared to standard GP containers, making them ideal for bulky cargo or conversions needing more headroom.

Custom Modifications & Upgrades:

Enhance your Container with a wider range of optional upgrades to suit your lifestyle or business needs:

- Vinyl Flooring
- Glass Sliding Door
- Full Insulation
- Air Conditioning
- Paint
- Roller Door
- Lock Box for added security
- ...and much more

**Both
Used and New
Containers
Available**

SIDE OPENING

When accessibility matters, our Side Opening Containers are the smart choice. The Side Opening Container features full-length side doors, making it simple to load oversized items, palletised goods, or equipment with a forklift. The Side Opening Container provides flexible access, maintaining the same heavy-duty build, weatherproofing, and security as our standard containers, with the added convenience of faster, easier access.

Container Type
20ft Side Opening
40ft Hi-Cube Side Opening
Dangerous Goods Side Opening

**See page 7. for 3M Wide Containers*
**Please note pricing does not include delivery or installation.*

HI-CUBE PALLET WIDE

The 20ft Hi-Cube Pallet Wide (HC PW) container is purpose-built for efficient palletised storage and transport. With an extra internal width, it can fit two standard Australian pallets side by side, maximising space usage.

The Hi-Cube height adds additional vertical capacity, making it ideal for businesses that need to move or store palletised goods in bulk. Constructed from durable steel, it provides secure, wind and watertight protection for all types of cargo.

Dimensions:

- External: 6.058m (L), 2.438m (W), 2.9m (H)
- Internal: 15.8m³

SITE OFFICE CONTAINERS

SCS Australia provides comfortable, secure, and fully functional site office solutions designed to suit construction projects of every size. Built from high-quality shipping containers, our offices are strong, reliable, and ready to use on delivery.

For added convenience, we can also supply optional extras such as desks, chairs, notice boards, whiteboards, filing cabinets, and fire safety equipment, ensuring your site office is fully equipped from day one.

Whether you need a compact single office or larger facilities, SCS Australia offers site offices in a range of sizes and configurations. Combine your office with modular solutions like lunchrooms, change rooms, first aid rooms, toilet blocks, and hoardings to create a complete worksite package tailored to your project.

Standard Inclusions:

Each Site Office Container comes standard with:

- Durable vinyl flooring
- 50mm EPS insulated wall panels for comfort in all seasons
- A secure PA door
- Window(s) for natural light and ventilation
- A standard electrical package including lighting and power outlets

Check out our [Modifications Page](#) for Optional Extras and Upgrades – pg 18.

CONTAINER DOMES

Container Dome Shelters are a smart, affordable way to protect your valuable equipment, stock, and work areas—no matter where the job takes you. Designed to attach directly to standard shipping containers, they create instant, weatherproof coverage in just hours.

Built tough with galvanised steel frames and heavy-duty PVC covers, these shelters stand up to Australia's harsh conditions while giving you the flexibility to relocate as your needs change. Reliable, versatile, and easy to install, Container Domes are the practical choice for businesses that want strong protection without the cost or hassle of permanent structures.

Available Sizes: 20ft & 40ft

Standard Features

Commercial-Grade PVC Cover 3-ply PVC fabric – White/Grey

- 100% Waterproof
- Tear-Resistant & Fire-Retardant
- Fitted with a ratchet-based tensioning system

Quick and Easy Installation

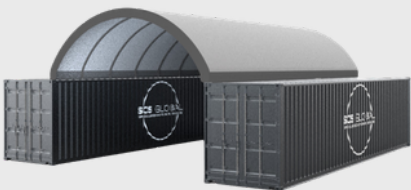

- No welding or heavy machinery required
- Step-by-step assembly manual included
